

Baseball Math

Needed:

- 2 playing pieces
- Deck of cards
- Clock

How to Play:

1. Choose a player piece for each person.
2. Place cards face down in the centre.
3. Put pieces on home base.
4. First player flips a card and creates time on clock. If correct they move their piece the number of bases highlighted on the card.
5. Take turns back and forth until cards finished.
6. If you pass home base, mark a point in the tally.
